

# About Puppy Play & Train

## WHAT IS PUPPY PLAY & TRAIN CLASS?

- Puppy Play & Train class is for the humans just as much as it is for the puppies.
  - As this class takes place at a shelter environment, only **FULLY VACCINATED PUPPIES UNDER 6 MONTHS** may sign up.
  - In order to ensure each dog's comfort, we start with coordinated and instructed polite leash greetings.
  - We will learn how to read each dog's body language. At times, your puppy may benefit most from sitting out from play and simply observing. There will be "Observation Deck" areas.
- Play is not guaranteed. When play is approved, it is a small and closely supervised class activity.
  - Each class dynamic is different. Sometimes all puppies are high energy, sometimes it's the other way around or one energetic, one a little shy.
  - The trainer's pro-social adult dog and/or other pro-social mature dogs may be present in class from time to time.
  - Puppies adopted from NCCR get a \$5 discount on the class.
  - If your puppy is over 6 months, you may consider the Doggie Manners Group Class.

If your puppy has been **fully vaccinated and is under 6 months**, you may click [here](#) to enroll them in a class. I look forward to training with you!
